1. Applicant's arguments, see pages 6 and 7, filed March 4, 2009, with respect to the rejection(s) of claim(s) 4 and 13 under 35 U.S.C. 112, first paragraph have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made in view of previously cited Japanese patent JP 11-101194A to Sanagi.

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 4-7 and 11-17 are rejected under 35 U.S.C. 102(b) as being anticipated by Japanese patent JP 11-101194 A to Sanagi. Sanagi discloses the claimed invention of a centrifugal fan having an electric motor 14a, main plate 11 with a cooling air hole 16 therein, an air guide 17 coupled to the main plate 11, a cover 15 coupled to the rotary shaft 14b to be rotated with the main plate 11 and covering the air hole 16. Sanagi further clearly discloses the heat exchanger 6 as part of the air conditioner with the centrifugal fan.

4. The Japanese patent JP 11 101194A to Sanagi is considered to anticipate the claims that read on Applicant's embodiment of Figs. 11 and 12, as pointed out above.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within

Art Unit: 3744

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
